PRESIDENT'S FOREWORD

Within the pages of this catalogue are listed paintings, sculptures, and crafts which a professional jury, elected by the Federation, considered the finest completed within the last two years by Toledo area artists. The art you will see in the galleries represents about one-third of the total work submitted. This is an excellent percentage—the average in most exhibitions being below twenty-five percent.

Students of art and those just beginning to experience the excitement of creative work who are not represented in this year's collection will and should continue their work with vigor toward the 43rd Annual.

It is difficult to imagine the amount of labor required to record the entries, present them to the jurors, and to hang properly and dismantle an exhibition of this nature. The Toledo Federation of Art Societies owes much in appreciation to the many people who have worked without rewards of any kind, but especially do they owe their gratitude to Mr. Otto Wittmann, Director of The Toledo Museum of Art, for his advice and inspiration, and to Rudolf Riefstahl, Assistant Curator, for the excellent manner in which the exhibition has been arranged. Without the faithful work of the Federation committees and the help of the entire Museum staff, this annual event would not be possible.

The years during which I have been associated with the Federation and especially the past two, while I have been privileged to serve as President, have been filled with many happy experiences. May I recommend to all artists and to those who are interested in art as "consumers" that they join one of the sixteen member groups and work not only to maintain the high standard of Toledo art here shown, but even to surpass it.

Robert W. Newman, President
Toledo Federation of Art Societies
